Buenos Aires 20th May 1908.

SIRVASE CONTESTAR A SECCION 1.-GENERAL.

Mr John Dierking
Dresdenerstrasse 34/35
BERLIN S14. GERMANY.

Dear Sir,

I have your letter of April 20th, and not that it is not your intention to return to the Argentine this year. We had looked forward to the possibility of Hertz, Bade and yourself all coming this year as we are badly in need of assistance on the large contract that we have on hand in getting the trade, and hope that something may turn up to bring you all this way again.

With reference to Carl Schmitz the expert who was down here some time ago, we have no objection to his coming again and I am rather inclined to think that you are right with reference to his past experience. We are requiring for the coming season more men than we have had in the past and should Schmitz care to come, it would be necessary to make application to Mr Couchman on the subject.

We have had a splendid run in the Flow trade which indicates that there is no reason to doubt that we shall have the same in the coming Binder season, in fact trade in every sense of the word has been very good with us this year, consequently we have no reason to complain.

We shall look for you in any case, and will be glad to see the other boys come down to help us through in the next harvest. Give my kind regards to all, and wishing you all success imaginable. I am,

Yours very truly,

J. Agar
